FIRE*Vue* Gold **1394 FireWire Cables** *with* **Diagnostic LED Readout**

Gold Connectors, Ferrite Beads, and perfect cable characteristics are but a few of the exclusive features offered with our 1394 FireWire cables. Built-in Diagnostic LED monitors power on the FireWire cable. If too many devices are plugged in without auxiliary power the light will go dim. If there is no power supplied at all the light is off. Proper operation is indicated by a bright LED. 4 pin cable does not have power LED.
